**DEFENDANT'S MOTION FOR EXTENSION OF TIME TO PERMIT THE FILING  
OF THIS APPEAL**

The Defendant moves for an extension of time to permit the filing of his appeal. Subsequent to May 30, 2008 this Court entered two orders, the latest of which was dated June 26, 2008, that were never sent to the undersigned. It was always the undersigned's intent to appeal the last ruling of this Court because that is what the client desired. However, the ten day period within which to file the Notice of Appeal has expired because the undersigned never received the actual court order.

The undersigned called the Clerk's office today to find out why I was not listed as Mr. Lorenzo's attorney. Ms. Kunofsky of the Clerk's Office informed me that judging from what she saw on this case's docket sheets I should have been designated as the defense attorney of record and that that omission was an oversight that she said would be corrected today.

3:01CR0213(AVC) July 24, 2008. The motion is GRANTED. Further, attorney McIntosh is directed to review his mailing address as listed on the docket for this case and to inform the clerk's office within ten days of the date of this order of any changes necessary to ensure that his current mailing address is correctly entered.  
SO ORDERED.
